

Curriculum Information

Autumn 1 Year 6

Our topic this half term is 'Darwin's Delights.'

Charles Darwin guides us through an extraordinary journey of discovery as we learn all about the evolution of the incredible animals on planet Earth. We journey to the magical islands of Galapagos to see the amazing species that helped Darwin develop his theory of evolution with natural selection. We discover how animals adapt to their environment over time and we meet some of the world's greatest explorers.

As writers, we will be writing creative descriptions, persuasive arguments and biographies.

As readers, we will read David Almond's 'Skellig' and learn about an extraordinary being who is protected by two young children.

In Maths, we will learn about integers, decimals, multiplication, division and calculation problems.

In Science, we will find out about evolution and inheritance.

In Computing, we will be programming using 'if' and 'else' options.

In Design and Technology, we will be cooking apple and pear crumbles.

In Geography, we will be discovering the Galapagos Islands.

In History, we will learn about the work of Charles Darwin.

In Languages, we will be speaking, listening and writing about routines.

In Music, we will compose a 16 beat melodic phrase.

In PSHE, we will learn about protective behaviours, self-identity and self-worth.

In PE, we will take part in athletics and outdoor adventurous activities.

In RE, we will learn about Jewish beliefs and Passover.
